

## **The Neighbourhood Plan gets the 'green light' from Parish Council!**

The Neighbourhood Plan team have now had several meetings with the Parish Council where proposed updates to the draft Neighbourhood Plan report were discussed. These updates reflect recommended changes following the feedback received from the community during the 8 week consultation period that was held earlier this year. We are delighted to report that the Parish Council have now approved the revised version of the report, which will soon be formally sent to Stratford District Council for wider consultation prior to submission for formal examination by an appointed Inspector. A copy of the updated report can be viewed on the Neighbourhood Plan website at [www.w-w-w.org.uk](http://www.w-w-w.org.uk).

Before the main 'Submission' report can be sent to the District Council, several other reports are required to be finalised which explain (a) how we have consulted within the community since the start of this process back in early 2014, (b) how we have addressed environmental factors, and (c) how we have complied with District, National and European regulations. All these reports will also be placed on our website once they are approved by the Parish Council.
